SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Dear Sir:

This is a Supplement to the Information Disclosure Statement mailed to the Patent Office on October 27, 2003. By this Supplement, Applicants now submit English translations of Citation Nos. 10, 15, 19, 20, 23, 24, 25 and 26, as listed on the previously submitted Form PTO/SB/08A and PTO/SB/08B. (Duplicates of Forms PTO/SB/08A and PTO/SB/08B with the "Translation" box checked are attached.)

No inference should be drawn that any apparatus disclosed is equivalent to the subject invention. Also, the citation of the above-discussed documents is not to be construed as an assertion that more pertinent art could not possibly be in

existence. Citation of any document herein is not to be construed as an admission that any subject matter disclosed in the document is necessarily within the inventive field of endeavor, that any disclosure is necessarily prior in time to a particular date which may be relevant to the instant patent application, and/or that any disclosure is otherwise necessarily prior art with respect to the instant invention.

Applicants also respectfully reserve the right to later set forth how the instant invention is distinguished over the disclosure of any document or other art, including the disclosure of those documents discussed herein, that may be cited by the Examiner in rejecting a claim in the present patent application.

This Information Disclosure Statement is being filed before the mailing date of a first Office Action on the merits. Accordingly, it is believed that no fee under 37 CFR 1.97(c) is required. If it is determined that a fee is required for this Information Disclosure Statement, please charge our Deposit Account No. 50/1039.

Respectfully submitted,

Andrew G. Kolomayets
